Tips, Techniques and Technology to Make Your Home

More Safe

More Secure

More Problem-Free

Your friends at Mountain Home Services are committed to your safety as well as protection for your property. There is no substitute for the peace of mind you will get, knowing that you've taken all the right steps to keep your home safe, and knowing that someone you can trust, is checking on your home "While You're Away".

If a problem does arise, we have access to local contractors, plumbers, electricians, landscapers, etc. Also, for your peace of mind, all subcontractors are required to be properly insured.

I feel certain we have a plan or can develop a plan that will fulfill your needs for your home "While You're Away" from your most valuable asset.
